Future skills for a better life in Sustainable Salons

Preparing self-assessment scan: content and tool

IES EL PALO

What is a Diagnostic Scan?

A tool to evaluate
Knowledge, actions or situations

A tool to give feedback
to improve and to boot changes

With this tools you can access your
own situation. Make a diagnoses
of your own behavior

What are we going to focus on?

**Environmental standards and sustainable
good practices within the Hairdressing Sector.**

How are we going to do it?

We´ll use a digital tool with questions and multiple answers.

Examples:

Entrepreneurial skills

Green Salon scanner

Challenges: Making it visually atractive and enjoyable.

No time consuming and useful.
